BIOETHANOL BURNERS

Welcome to FIREPLACE BY CALM

India's fire and only homegrown range of Fireplaces

Immerse yourself in the epitome of serenity and luxury with Calm Fireplaces -- a sanctuary of peaceful elegance. Meticulously designed, crafted, and manufactured in India.

About us

Fire is Sacred to us

Crafted in India, inspired by the world

Being India's 1st TRULY Made-in-India brand across the entire range of Fireplaces does come with it's challenges - from Table-Top Designs to Stainless-Steel burners, to innovating new designs every year, to launching Furniture with in-built Fireplaces, and introducing Electric versions - All in a short span of 5 years since launch in 2019.

As a brand trusted by discerning homeowners, luxury resorts, and idyllic farmhouses alike, we are proud to hold a 5-star rating from our satisfied customers in this brief period.

This proud accolade is a testament to our unwavering dedication to delivering excellence with every product and service we offer, as we provide installation services pan-India, ensuring a seamless experience from start to finish, and a lifetime support guarantee.

PRODUCT SEARCH

We stock a great range of local and international brands to cater to your needs. Begin your search by the brands you like.

INSTALLATION SERVICES

We just don't sell fireplaces. We do Installation as well. Please contact our office to enquire more about our installation services

ASK OUR TEAM

If you're not sure about what fireplace is right for you, simply contact us and let our friendly team make a recommendation for you.

VISIT OUR STORE

You are more than welcome to Victoria's most trusted fireplace store-showcasing Fireplaces and accessories unlike the other

WHAT SETS US APART?

100% MADE-IN-INDIA

We conceptualize, design, prototype, test, innovate, and scale every fireplace right here in New Delhi, India. This way you can walk into our experience centers and have a chat with us while getting to know the intricacies of whatever flame you wish to add to your home.

A LIFETIME GUARANTEE

All our products are guaranteed for a lifetime against any kind of manufacturing defect or issue you might face in the normal course of use. We can offer this spectacular service since we believe in forging deep, long-lasting relationships with each of our clients.

A VAST RANGE

We will fulfill any and every need you can think of. That is why we strive to incorporate multiple materials, designs, and applications across all budgets and installations. If there is a fireplace you can think of, and you can't find it, we'll build it.

OUR SINCERITY

Service and quality aren't just bywords for us. We live and breathe it every day. If you find something lacking, please be harsh with us, let us know immediately, but allow us to improve on our mistakes, and to earn your admiration. Your suggestions and criticism are our fuel and your word of praise - well that just makes our day!

what are

Built-in BIOETHANOL BURNERS

Bio-ethanol burners are **Real-Fire** burners that are extremely versatile with their **Placement, Usage, and Customization**. They can be used indoor or outdoor, in all kinds of shapes and sizes, and can be placed in all kinds of settings in walls, inserts, furniture, or civil-work. The fire from them gives real-heat, and is smoke, soot, and smell-free.

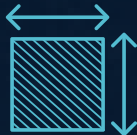

High Fuel-Efficiency

They burn using Bio-ethanol as fuel and can give a burn time of 2-4 hours per litre depending on the size of the burner

No Smoke, No Soot

These leave no odour, and create no smoke, making them safe to use both indoors (With ventilation) and outdoors.

Customizable Sizes

These can be made in 1 feet to 5 feet in length

Unique Dual-body design

They can be transitioned to **Ice-Trays** in **Summer**, and **Fireplaces** in **Winter**.
A unique innovation for the Indian market

Minimal Maintenance

Being made in high-grade Stainless Steel (SS-304) keeps the maintenance to a minimum. They just need a simple wipe from time-to-time with a damp cloth.

Easy Installation

Their modular design allows them to be deployed and installed within 5 minutes in any pre-prepared site.

Achieving a beautiful, **vibrant flame** in your bioethanol fireplace is easy when you use the **right fuel**.

Lowest Odour

We use only the highest-quality ingredients for the cleanest experience.

Safety First

Our bottles are fitted with a flame arrester for safe re-filling

Best Flame

specifically formulated to produce a vibrant orange flame

Clean Burning

Lose the chimney and the flue and keep the heat in - no smoke, no soot, no ash.

Longest Burn Time

Tested against a multitude of formulas to ensure it burns for the longest time.

A modern interior space featuring a warm, wood-paneled ceiling with recessed lighting. The room includes a dining area with a long table and chairs, a bar area with red stools, and two large, rectangular fire pits in the foreground. A large, abstract black and white artwork is mounted on the wall. The floor is made of large, light-colored tiles.
